

Volusia County Foreign Language Association

Dear Sir or Madam:

My name is Astrid Augat and I am the President of the Volusia County Foreign Language Teachers Association. We are organizing our annual "World Languages Festival" taking place on February 27, 2016 at Spruce Creek High School, an event with an international flair involving all County public high schools and middle schools, as well as several private schools. The goal is to display our students' language skills, to stage cultural performances, to exhibit artistic productions related to international culture, and to publicize all the languages we teach to the people in the community. Our event will reach a very large amount of students in Volusia County, and more particularly in the Port Orange area.

As students from all over the County compete and showcase their talents in foreign languages, we would like to honor the best ones with prizes and recognize excellence and effort in various domains of world languages. We will also need some material to set up the Festival on February 27, 2016.

We are hoping that your business will consider supporting us with donations of either items to be given as prizes or a monetary contribution. Our organization is a non-profit organization that is part of the school system and your donation will be fully tax-deductible as we have a U.S. Tax ID number we can provide you with.

Your business will be advertised in the program given out the day of the event on February as well as on posters and newsletters we have access to, and will reach a large amount of people.

If you are able to donate, please send the donation and the estimated retail value to the following address:
